

Home School Connection

The Home School Connection (HSC) is a coalition of volunteers that provides group activities and learning experiences to Tonganoxie area home schooled children.

The HSC sponsors weekly gatherings for the children during the school year as well as other outside group projects for the students. Over the past two years, the students have participated in specialized activities such as music, choir, drama, art, science, group sports, sign language, Anatomy/CPR and a wide variety of exciting field trips.

By sharing skills, HSC volunteers expand local home schooled children's exposure to social activities and subjects they otherwise may not have the opportunity to experience in the average home school setting

Any family that is interested is welcome to participate. As many as 30 families are often active in the HSC at any given time.
